**Jeanette Schipper for Michigan State Senate, District 30**

*Local Administrator and Mental Health Advocate Plans to Work to Help Michigan Unite its Voice, and Unite its Vote*

**Holland, MI**

Jeanette Schipper, local Administrator and Mental Health Advocate, declared her candidacy for MI State Senate, District 30, today via her social media networks.

A community organizer fighting for equity for all citizens of Ottawa County, Jeanette believes that in order to having a thriving community, the needs of all of its members must be met. Jeanette knows that this will come through creating robust access to mental health care, renewing our infrastructure, and providing high quality education to everyone.

Jeanette is committed to uniting Michigan for a better future, where jobs are created, homes are accessible to all, education is robust and dynamic, health care and other basic needs are readily available and accessible. Jeanette stands in solidarity with immigrants and refugees, as she believes strongly in the beauty and growth of Michigan's vibrant and diverse communities.

Jeanette lives in Holland with her husband, Matt, Jeanette's mom, and their three kids.
